

DO YOU WANT TO BE THE REASON A CUSTOMER'S IDENTITY WAS STOLEN?

Did you know?

- TJ Maxx had 94 million credit cards compromised in 2008
- Hannaford Bros., a large grocery chain, had 4 million credit cards compromised in 2008
- 125 million cardholders were reported as compromised in 2007...were any of those your customers?

Are you comfortable with the protection
your processor has provided you?

ACCEPTING CREDIT CARDS THE SAFE WAY.**

Identity Theft: 2 Steps to Protecting Your Customers

Step 1

PARTNER WITH NPC FOR CREDIT CARD PROCESSING.

NPC focuses on what it does best, servicing its clients.

- We let the best & brightest transaction processors handle your customers' card data, so you can have peace of mind that your business is secure.
- Several processing providers have experienced recent breaches where millions of customers have had their card numbers stolen.
- We'll provide you with education on how to secure your card acceptance environment.

Step 2

CONFIRM YOU ACCEPT CARDS THE SAFE WAY.

NPC provides you with Platinum Security Protection Program, giving you the tools to protect your customers.

*We will meet or
beat your current
rates for credit card
processing!*

**Don't jeopardize your reputation.
